Miss Purington is a graduate of the New England Deaconess hospital of Boston and is a member of its Alumni association, the State Nurses' association and the American Nurses' association. ## The Hoelzer Family

Only a few years ago there came to Northfield for residence, Mr. and Mrs. C. Fritz Hoelzer, artists, with their family but after a brief experience found it necessary to remove elsewhere to carry on their work of preparative curators. Their son Charles entered Mt. Hermon school graduated and is now a junior at Columbia university. Dr. Porter has just accepted another son as a student and the parents are grateful of the opportunity. Mr. and Mrs. Hoelzer are now located at Saratoga Springs, where they are engaged in the conservation of fine paintings in the historic and future museum of the Walworth family. Already they have done special work in over a hundred museums, both private and public, and have been engaged by several states in caring for their valuable paintings. The Hoelzers retain their interest in this town and are subscribers of the Press, which they receive and read with interest each week. They have made a great success in their work.

## Killed By An Auto

Recently the ashes of Robert H. Grant, age 60, was brought to Northfield and interred in the family plot in Center cemetery. He was a native and former resident of this town, but had made his home in Winchester, Mass. For the past eight months, he was an inmate of the Danvers State hospital. Information received is that while walking on the highway, known as the Newburyport turnpike, not far from the hospital, he was struck by a car with a New Hampshire license and fatally injured on the night of Dec. 23. His body was cremated and his ashes brought on to Northfield for burial in the Grant family plot. Some of our older residents will well remember the family.

## Drained Gasoline Tanks

A story is going the rounds that during the meeting of the Young Peoples Forum at the church last Sunday evening, some person or persons, yet unknown, came along and siphoned out the gasoline in the tanks of the parked cars. Whether as a joke or a real theft, the plight of the drivers was serious and several didn't have enough gas to get home, after the gathering. To some it seemed more than a joke, for from one car, the fog light had been taken. Perhaps the secret will out.

## Independence Hall At Philadelphia

The shrine of American Liberty, where the bell pealed in gladness and proclaimed to all the world that a new nation had been born, which is the great United States of America of today. What an inspiration it affords to all who visit and ponder its significance. The high school seniors will visit here on their Washington trip.

## Changes Are Probable In Rural Mail Service

During the week an inspector of the post office department has been in town to look over the Rural Free Delivery in this area.

It is said that several changes are in prospect in the routes, now followed by carriers Henry Johnson and Fred Huber from the Northfield post office and by Richard Steenbruggen from the South Vernon office. The carrier on the rural service at Bernardston is to be retired soon and it is proposed to transfer Mr. Huber to that work. In such an event, the two rural routes here will be combined and Mr. Johnson will cover the north section in the morning and the southern part in the afternoon. All sections of West Northfield will be added to the route of Mr. Steenbruggen. No official information regarding the matter has as yet been issued.

## Bank Plans To Make Many Improvements

Customers of the Winchester National bank will find many renovations under way when they visit that bank. It is proposed to change the counter front and install bullet proof and shatter proof glass instead of the open grill and to change all windows with the same material to afford safety. The work will be started this month. The bank organized Jan. 2, 1865 and has had a continuous existence of 76 years as a national institution. It received its charter in 1847 and opened as a state bank in 1848 in the same building it now occupies. The capital of the bank is \$100,000, surplus and undivided profits \$76,500 and deposits are close to \$500,000.

## They Looked For Planes Airplane Defense Test Held Interest Of Many

"Did you see the planes" is the question most frequently asked on our streets in town. The air defense test was put into execution here on the seminary campus on Tuesday morning and through the four days to Friday evening, some fifty of our citizens will have taken turns in the watching. Captain William Marshall and his efficient committee of the local post of the American Legion have been in charge of arrangements. During the watch on Tuesday morning of Lee Howard, he discovered and reported immediately two planes directly over the campus, flying from east to west. On Wednesday morning, during the watch of Warren Whitman, he spied two planes, flying somewhat south of the town and he made his report. Thursday and Friday's surprises will be awaited and reported in the Press next week.

The local observation post was near the flagpole on the campus and indicated on a stand the directions of the compass and a chart, upon which the watcher was to make the report. It all proved to make an interesting experience and women as well as men had a part in it. Many more of our citizens motored to the seminary grounds to observe the procedure and also to scan the skies. It is obvious that Northfield will not miss any planes. Reports of observation were phoned to the local exchange and then hurried on to the Army headquarters in this district.

## Highway Thru Town May Be Rebuilt Soon

For some time, surveyors of the state highway department, have been in town looking over the present highway in town and studying the problems of new construction in the widening and elimination of curves. For several years, the road has been in poor condition and its reconstruction has been considered. Its cost was studied and money was earmarked for the work and now it is reported that arrangements will be made to build a new roadway, much wider than the present one, more substantial, and that the work will be under way this summer. This will be good news for this community.

## Speakers Invited In Founder's Day Plans

Preliminary plans for the observance of Founder's Day at the Northfield schools on Feb. 6 include addresses by Dr. Henry Halim Tweedy of Yale Divinity school at both Mt. Hermon and the seminary, a program of winter sports and evening entertainments.

Hermon students will participate in a program of athletic events during the day and the seminary girls will enjoy their traditional Founder's day sleigh-ride in the afternoon. There will be evening entertainments at both schools.

For some time she followed the teaching profession and upon her marriage moved to Springfield to reside. She was a cousin of the late Charles H. Webster of this town. Many of our old residents will well remember the Webster family. The funeral was held on Thursday afternoon at the Dickinson-Streeter parlors and burial was in Oak Grove cemetery.

At the assembly of the students of Mt. Hermon school held last Saturday noon in Camp Hall, two flags were dedicated, which were presented to the school by an anonymous donor. The flags were the American flag and the international Christian flag. Captain William Marshall led in a salute to the American flag and Dr. Glover Johnson, pastor of the Mt. Hermon church, led in a salute to the church flag. Students rose and joined in the singing of the Star Spangled Banner, during the dedicatory exercises. Dr. David R. Porter, headmaster of the school presided.

Bert H. Waubeke, a voluntary exile from his native Holland, presented a short violin recital. He is a graduate student in history at Harvard. Carlton W. L'Hommiedieu, organist, presided at the piano.

## The Fortnightly Entertains Men Guests

Men's night was observed by the Fortnightly last Friday at Alexander hall. Prof. Frank B. Conklin of Deerfield Academy spoke concerning the geology of the Connecticut Valley. He traced the geological development of the valley over a long period of years. He pointed out that the Connecticut Valley is a fascinating area for geological explorations because of the rich variety of its geological formations. The Turners Falls and Gill area are known throughout the world by geologists for the dinosaur tracks.

For the music portion of the program a group of songs was rendered by a sextette composed of Miss Ruth Fields, Mrs. Dorothy Bolton, Mrs. Gladys Shattuck, Mrs. George Carr, I. J. Lawrence and A. P. Fitt.

Refreshments were served by the hostesses Mrs. H. H. Morse, Mrs. George McEwan and Mrs. E. N. Kirmann.

The next meeting of the Fortnightly will be on Feb. 7 at 3 o'clock at Alexander hall.

For many years he had been retired and made his home in Toronto.

## Bad Auto Accident Last Saturday Night

Mr. and Mrs. Harold V. Colbeth and daughter, Joan, 10, had left their home in Lynn last Saturday evening for a visit to Brattleboro with his father, George Colbeth of Estey street. It proved to be a bad night for traveling, with the cold and heavy fog. All went well, until on the Hinsdale road, just beyond the residence of Miles Doolittle and at the curve near the railroad underpass, the wheels of his car struck the snow bank and car and all were precipitated over the guard rail and down the bank. It was then about 10:30 o'clock and passing motorists helped them from the wreckage. Mr. Colbeth and his daughter suffered only slight bruises, but Mrs. Colbeth was taken to the Brattleboro hospital, where it was found she sustained facial injuries, a broken nose and several teeth knocked out. The car was badly wrecked and was removed to a Hinsdale garage. The accident was investigated by a New Hampshire state trooper and Hinsdale police.

### Brotherhood Met Future Programs

The Northfield Brotherhood held an interesting meeting Tuesday evening in the vestry of the Congregational church when Prof. Paul Wilson of Mt. Hermon school showed moving pictures of the New York Worlds Fair and also some reels of the work hour occupations at the school.

A meat-pie supper with fancy pies as dessert was served under the direction of Roy Barrows, assisted by Arthur Bolton and Harry Erickson. Irving J. Lawrence led the singing which preceded the business meeting, presided over by President Daniel E. Bodley. Secretary Hodgden read

the roll call, and treasurer Wood reported that a tidy net balance was on hand in the treasury.

Mr. Bodley announced that next month Dr. David R. Porter, headmaster of Mt. Hermon school and several of the new teachers at the school would furnish the program.

Prof. S. Ralph Harlow of the department of religion at Smith college will speak at the meeting in March. The annual father-and-son night will come in April, when, once more, the noted magician, Rev. Willard S. Smith of East Jaffrey, N. H. will furnish the evening entertainment to the members and guests.

### Young People's Forum

Rev. James H. Larson of Northampton will speak Sunday evening at 7:30 o'clock at the Congregational church. His subject is "Spiritual Adventures Around the World."

Immediately following Mr. Larson's address, the Young People's Forum will show one of the well known "March of Time" moving pictures in the vestry. The title of the film is "America's Youth" and is a very timely subject which presents the story of twenty-one million young Americans—college students, white collar and factory workers, farmers and those with no jobs at all. A discussion of this subject will follow and light refreshments will be served. Everyone is welcome.

### Sorrow

(If Only To A Dog)

How frisky he had been throughout his life,  
A playful dog, with clever, winning ways.  
Gay and lighthearted; free from care and strife;  
A gallant, handsome animal, always.

Then, with an arrow's swiftness, came sad news.  
Gone were the daily walks with friend and master.  
Gone were those familiar words that cheered the blues.  
All things worth while were changed by the disaster.

Now no loved hand is there to ease the pain,  
Or dull the hurt as days slip slowly by.

Indifferent is he to sun and rain.  
He only knows his master had to die.

## EDITORIAL

### GRAND LEADER

Wendell Willkie, the man whom the people chose as their leader, in the campaign for the Presidency on the Republican ticket, has proven that he is a great man and his recent conduct and attitude on the European war situation is applauded. With no personal animosity, Willkie and the President have met and they are much in accord on general principles. Mr. Willkie has gone to Europe and will see the situation as it is and when he returns, will have something to say to the American people. The people generally of both political faiths have great confidence in Mr. Willkie. He is a great leader.

### POOR PUBLICITY

It is generally agreed that advertising and publicity is of great value and that profit always results in its use. The merchant who fails to advertise is not considered a successful businessman. The individual who shrinks from publicity is hiding his virtues under "a bushel." However there are two kinds of both publicity and advertising, good and bad, and an evidence of this is shown in an article of the Travel section of the New York Times of last Sunday, which was intended to be descriptive of the Youth Hostel and of this town in which it is located, which was bad. The article was no credit to the hostel and deceptive in describing our community. The author of that article proved himself unworthy of his own conceit.

### OUR SYMPATHIES

The citizens of this community sympathize with the democracies of Europe, who are fighting for their existence. We are expressing this attitude in more ways than in speech. We are contributing our purse, we are providing in the sewing and knitting and in many other ways. Our homes are open to refugees, particularly the children and we are demanding that in the handling of the problems at Washington by our representatives, that there shall be less politics and more action. Self-styled leaders, whether Republican or Democrat will lose out if through appeasement or argument, delay is caused in the present meritorious legislation of aid to Britain and other democracies.

### Again Ski Winner

Richard Birdall of Mt. Hermon was again the ski winner at the Holland farm in Greenfield last Saturday in the ski races conducted by Strand Mikkelsen and Ken Suhl under the auspices of Sears Roebuck. There was plenty of speed and fun and the popular events will be conducted again this Saturday. Birdall took class A honors in 42 seconds. R. Smith also of Mt. Hermon took third in 47 seconds. In class B, W. Franz of Mt. Hermon took third in 47 seconds and the race was a thriller. As yet no Northfield competitor has appeared but it is hoped they will show up at the forthcoming events. This Saturday the race is at 3 o'clock. Prizes are awarded to the successful contestants in all three events.

### Sermon At Hermon

"How to gain assurance that you are moving in the right direction" was the topic discussed last Sunday morning in Memorial chapel at Mt. Hermon by the Rev. A. J. Muste, secretary of the Fellowship of Reconciliation. Dr. David R. Porter, headmaster, presided.

The speaker stated that in these difficult times of war and peace, there were many voices proclaiming the right path for individuals and the nation to follow. One suggestive help is to do the right in so far as one sees the right, and then act on that purpose. This does not mean that other directions are wrong, Dr. Muste said. As a matter of fact, there is a paradox that says that the only way one may be sure of being right is to admit that he may be wrong, or not yet completely right. Mr. Muste then said that you can't have the assurance of the right direction unless you passionately devote yourself to studying the question at issue, discuss it with others, and then act upon it.
